SAP20

Dear Ms. Dautlick:

Enclosed, please find your Permit to Construct for the two (2) extruders located in the Natural FPM Product Area at your facility at 2401 Singerly Road, Elkton MD. The permit contains both general conditions, which apply to all air quality permit holders in Maryland, and specific conditions, which apply to the extruders that you have proposed to be installed.

The addition of the extruders qualifies as an "Off-Permit" change to the facility's Part 70 operating permit. The Department recognizes the permit to construct application as written notification of the proposed change. Please include the addition of the extruders in the application for the next renewal of the Part 70 permit

If you have any questions regarding the issuance of this permit, please contact Marcellina Gurley at (410) 537-3225.

Sincerely,

Karen G. Irons, P.E., Administrator
Air Quality Permits Program
Air & Radiation Management Administration

Dear Ms. Dautlick:

Enclosed please find your Permit to Construct for the **two (2) high shear mixers** to be located in the Filled Product Area at your facility at 2401 Singerly Road, Elkton MD. The permit contains both general conditions, which apply to all air quality permit holders in Maryland, and specific conditions, which apply to the high shear mixers that you have proposed to be installed.

The addition of the two (2) high shear mixers qualifies as an "Off-Permit" change to the facility's Part 70 operating permit. The Department recognizes the permit to construct application as written notification of the proposed change. Please include the addition of the two (2) high shear mixers in the application for the next renewal of the Part 70 permit

If you have any questions regarding the issuance of this permit, please contact Marcellina Gurley at (410) 537-3225.

Sincerely,
